

Anglers United Newsletter December 2022

News from your “Pez” ... December, 2022.

Hello, all. Havasu is starting to see the return of the “Birds” and with their return we see a renewed interest in getting things going.

Our biggest problem with getting the ball rolling is lack of volunteers. I recently visited John Galbraith at the Bass Tackle Master shop and he was good enough to allow us to put up this flyer that I’ve attached for your reading: (see page 2)

As you may remember, in October, three of us Anglers were retrained and certified on the “Genie” fork lift. As for the Motorboat Operator Certification, two of us had been trained and certified just prior to Covid. The BLM has stated that training is transferable so now we have two of us ready to go with another two that need a “refresher”.

The holidays are upon us and most of us have family coming into town or we’re looking forward to seeing friends we haven’t seen since last winter. For those of you arriving back in Lake Havasu and would be interested in volunteering at Partner’s Point, we’d love to hear from you. Partner’s Point will be open Tuesday, Wednesday and Thursday as we get going.

All of us “Anglers” wish you and your family a very Merry Christmas and a very Healthy and Happy New Year!

Volunteers Needed !

Anglers United, Lake Havasu, Arizona

anglersunited.org

Now that I have your attention ... Anglers United is not a fishing club but what we do is to place habitat in Lake Havasu to give the smaller fish a place to hide from the big fish which means more fish to catch! We're on the hunt for volunteers to help us, the Fisheries Department and Bureau of Land Management to put habitat from landscapers into the lake. We "bundle" debris from local landscapers and place it on our bundle boat and dump it in the right places.

Want to know where our bundles are? Want to know how to get involved? Our website is anglersunited.org. or you can call 303-594-1648. Please leave a message and we'll get right back to you OR you can email: atripledriver@gmail.com. Look forward to hearing from you!

From the Vice Presidents Desk

MERRY CHRISTMAS!!!!!!

Wow !!! check out the fish Gary Visconti and Jim Hater caught they always catch lots of fish, if you need tips on fishing they are the ones to ask **(if they will tell you)**. It's good to see what the habitat has done for this lake, I hope we will be able to get back to putting some more brush in the lake soon. This is the difference you can make when you volunteer to help with the brush program, so please help us out one or two days a week or any time you can spare.

Check out the truck raffle, wouldn't you like to win that, unless you don't need or want a new truck you can opt for the \$25,000 cash. It could be a nice after Christmas present for some lucky person (maybe you).

Wishing everyone a VERY MERRY CHRISTMAS and WONDERFUL NEW YEAR.

See you next year

Marilyn

Jim and I won the Elks fishing derby on November 17. Biggest stripper was 4.08 lbs and total 5 fish weight entered was 18. 12 lbs. We seen lots of shad bait balls but the main treadfin and gizzard Shad aren't up on this end of the lake yet. We hope Anglers United can move forward with the brush program. It does work, I've been fishing this lake for over 17 years. The fishing wouldn't be as great as it is without the habitat program.

Jim Hatter

Gary Visconti

Please note there is an alternate \$25,000 cash prize (which has always been in our rules) since we are told there will be delays in delivery of the vehicle.

Link to order:
