

Anglers United Newsletter

January 2023

News from your Prez! January 2023

It's a New Year and we're hoping for good news although, we recently received bad news from our Fisheries Biologist, Christina Sanders...she's leaving us at the end of January, for family reasons, and moving to the east coast. Waaaay too early to figure out what's next from the BLM. With the holidays now behind us we can only hope that their replacement is as good as Christina was/is.

The Christmas tree return is on. A few weeks ago six of us met down at Partner's Point and bagged over 10,000 lbs of sand into bags. We have receptacles at the Aquatic Center and at the Riviera. We'll find out how many we got come next week. We're hoping to get the bags tied onto the trees and deposited in the lake then. We're planning to meet at Partner's Point

Tuesday of next week .

As far as coming attractions, everything pretty much hangs in the balance with the BLM.

As soon as something develops we'll let you all know.

From the Vice Presidents Desk

Happy New Year!!!

I hope everyone had great holiday season and are ready to discover what 2023 is going to bring.

If you are one of our winter members and left Havasu before we had our new t-shirts and tank tops available you may want to get one we have a brand new design .

Don't forget we still have our coffee get together on Wednesdays at 8:30 at the McDonalds on 95 and Swanson.

I guess you can tell I don't have much of anything to report this month, so I guess I'll just say Happy New Year and hopefully next month there will be more to report.

I apologize, I was so late getting the newsletter sent the Tuesday Conrad mentioned in his article is actually today 1/10/2023 .

The balloon festival next week will be fun
