

Anglers United Newsletter

October 2023

Hello again, all:

News from your "Prez"

Thought I'd bring you up to speed on what's happening on the home front : From the BLM (Bureau of Land Management): they now have a new Marine Biologist, Rachel Wirick. I met with her down at Partner's Point to do a walk around and get acquainted. She had been on the job for a week. While she has both ores in the water , the BLM has yet to hire a Field Manager here in Havasu. I'm guessing names are whirling around but so far I'm not aware of who's going to be in charge here in Lake Havasu. Right now the BLM just ended their fiscal year and their budget info is awaiting Congress . Fiscal year-end turn overs are all over.

I've reached out to a number of people and entities including the AZGF (Arizona Game and Fish) and they are waiting for the BLM to do something.

On a positive note, we're still on que with Billy Egan (Western Outdoor News) and the Striped Bass tournament ... May 4th and 5th, 2024, with registration on the 3rd at Riviera Marina. See you there!

From the Vice Presidents Desk

The last newsletter Anglers United sent out was in May saying goodbye to our snowbird members and now here we are welcoming them back . I hope everyone had a great summer, at least a little cooler temps than we had here. With the return of snowbirds and cooler temps I am looking forward to the events and increased activities in Havasu.

Please join us at McDonalds on Swanson for our Wednesday morning coffee get together. Hope to see you there , 8:30 Wednesday.

HAPPY HALLOWEEN
